The Undead

REVENANT

"Revenants return from the dead to complete some manner of destiny, from slaying an old foe to freeing their homeland. In Gildahar's case, that destiny is evening the point spread between our basketball team and Manifest's."

--Kazarobet, junior Human Necromancer

SKELETON

"I dunno. She's lost so much weight since she volunteered for that Necromancy experiment..."

--Methas, freshman Human Rogue

VAMPIRE

"There aren't a lot of vampires enrolling in Professor Strahd's class. But there's a lot coming out of it. Just saying."

--Kerwyn, senior Human Rogue

ZOMBIE

"I'm sorry. I thought using Zombies for catering would be more efficient. Antrolar! Quit hitting the guests with that tray!"

--Kazerobet, sophomore Human Necromancer
